

R = *i*-butyl

FW 891.72

Solvent Solubility

THF, chloroform, acetone, ethanol, hexane

Solvent Insolubility

acetonitrile

Appearance

white powder

Uses

surface modification, additive to thermoplastics and thermoset polymers for improving moisture resistance and processability

Refrigerate

CAS [307531-90-4]

1kg/\$900 100g/\$250
